After the warmly welcomed first two Delight soundsets for Omnisphere, it will complete the whole experience.

Delight 3 contains **162 Patches** and 12 Multi instruments.

The multis are live split-layer synthesizer performances across the whole keyboard.

You can play a Pad for the mood with rhythmical parts - like Percussions, Arps, Basslines or Sequencers for a background that carries the show.

Floating, lively backgrounds, which are sparse keep the interest by slow tonal changes and shifts.

You can find [Cubase cpr and Midi files to show you examples how to use these ideas.](#)
